NORWAY AND VICINITY

E. S. Cummings, L. H. Cushman, Lee M. Smith and B. G. McIntire represented the Norway Board of Trade at the meeting called at Augusta for Tuesday by the Governor in conference on the coal situation.

Mr. and Mrs. William Collier of Chicago and Mrs. Perry H. Turner and son of St. Louis were guests of Mr. and Mrs. W. H. Hills, Cottage street.

Grace York, who has been in a critical condition at the C. M. G. Hospital, at Lewiston, the result of a pus case of appendicitis, is more comfortable.

B. G. McIntire & Son are shipping considerable lumber by rail this week, with trucks hauling long distances and unloading directly onto the cars.

Sam Kirschen has been released as first sacker on Twin Towns and will join Sanford the last of the week. Sam has played the ball with the outfit and all fans are sorry to have him leave. Wolf formerly of the Star Taxis has been taken out in his place.

Mr. and Mrs. Chester Gates and Mr. and Mrs. Oliver J. Foss motored around the White Mountains, Sunday. They passed through Pinkham Notch to Jackson and Crawford Notch to Gorham, N. H., thence to Bethel and Watford. Distance covered was about 200 miles. Some time was spent at the Willey House, exploring the "Gables".

Since business is on the increase at the Carroll, Jellison Co. factory with several departments employed full time.

Mrs. Eugene Descoteaux spent the week-end with relatives and friends in Rumford.

John F. Leavitt, who is constructing models of sailing vessels with his father, Walter C. Leavitt, has completed a small likeness of the Lagoda, a whaler of considerable note at New Bedford. Work has done to scale with photographs of the large model in the museum at New Bedford.

The fire alarm sounded with high tension wires in a tree near Wetherell Park Thursday evening. Brilliant flashes illuminated the vicinity and the fire whistle tooted at irregular intervals. Electricians made repairs Friday forenoon.

Changes have been made in the Howe store at the falls the past week and a refreshment parlor finished from a room used for storage. Chairs and tables are there with every convenience to serve a good patronage.

Charles H. Kimball cut the grass on the George Cole field above the boat house without drawing a rain storm. Last summer Harry Pennock did the same feat. These instances are the first in many years when a haying on that lot hasn't opened the heavens after a drought.

Archie Mattor of New York City is visiting his parents, Mr. and Mrs. Victor Mattor.

Ella Clark will be the second assistant at Paris High School the coming year.

Alice Bartlett, Frances Moore, Madeleine Hayden, Elizabeth Hall, Mary Jones, and Virginia Hall have been enjoying camp life at the camp on Bass Island, Lake Umbagog.

Winifred Kimball, Professor of Science in the Boston Schools and a writer of "Phineas Philosophy" is visiting his father Frank Kimball. Prof. Kimball will teach science in the high school at Keene, N. H. commencing in September.

Alton Maxin's cottage by the lakeside is progressing rapidly and nearly ready for occupancy. The building is situated on a hill opposite Wasse Cottage and commands an extensive view of the lake and surrounding country. A road has been built from the main road to the location. In time considerable grading will be done, the roads improved and a wharf built.

Larger tables and more seats have been put in Leavitts grove owing to the rush of picnic parties since the spot has been designated as free to the public. Motor parties travel long distances to enjoy an afternoon in the vicinity.

John C. Shepard of Auburn visits his camp nearby every day to assist during the rush. Nine camps in his colony are occupied and dancing at "The Barn" is drawing excellent crowds two evenings each week.

Frank J. McCarthy is entertaining his sisters, Mrs. Alice Parent and Mrs. Kathleen McCarthy of Holyoke, Mass. They are taking their first trip to Maine and enjoying it.

BASEBALL

Twin Towns, 6; Fusileers, 3
The home aggregation won at the fair grounds Thursday afternoon in a game punctuated with errors and timely hitting. Mullowney the new hurler for the Twins appeared to advantage and with a smooth working combination behind, held the Portland Fusileers to a narrow edge. Roy another player recently acquired, looked good in the left corner and picked a three sacker from Lacey's assortment. Carl Fuller was busy at short stop and accepted 13 chances with no unlucky features in the play. Kirkstein at first also worked overtime with his 14 put out recording. The Twins were kept up with the batting eye, every player hung up at least one single.

Carr of the Fusileers made two thrilling plays in center field and Fussell in sensational sprint.

Twin Towns 12; Kezar Falls 0
Saturday was a big day for the Twins at Kezar Falls and they sought revenge on the locals for the defeat of the previous week. Some day for slugging it seems. Eighteen hits are recorded for the Twins, including two base lungers by White, Masterman, Roy, Benson 2. Fox of Kezar Falls secured a double for his outfit.

Benson twirled in regular fashion, holding the Kezars to five hits. He buffaloed 11 by the three swing process. Wolf, formerly of the Star Taxis was at first base, replacing Kirkstein who has joined the Sanford team. The new player showed class and hit fiercely.

The home team played practically errorless ball and put up a stubborn resistance. They simply were unable to solve Benson's stuff and not in position to check the terrible bombardment from the Twin Town sluggers.

Twin Towns 13; Augusta 10
Hard hitting, sensational fielding and a crop of errors were nicely mixed in the barrage laid down at Augusta Wednesday afternoon. This was a regular hit and run affair with Wilson, Murray, E. Lound, Masterman and Fuller the strong men with the pole. Wilson, Murray and Sukeforth, the pinch hitter for Williams are given credit for three sacker while for the Twins Hunt and Fuller, with Murray and Abbott for Augusta have double base records. Ralph Masterman led the Twins in batting with three safeties from four times up. Squanto Wilson for capital city hit for a perfect percentage with four safe wallops on four chances.

Benson worked the first three innings and was touched freely. Farmer Hunt held the Augustas to a single point until the ninth when a rare base including a triple, double and four singles sent across five items which came within a narrow margin of tying up the affair.

Brennan officiated on the mound for Augusta during the early stages of the engagement but was overpowered by E. Lound. Williams was also hit hard and the team behind fell down when perfect support was needed.

Community Chautauqua

The special express car laden with tenting equipment here, arrived at Norway station Wednesday forenoon. The outfit came direct from Waterbury, Vt., and the assistants had been on the road twenty-four hours.

L. H. Cushman's truck and crew went into battle immediately, transferring the equipment to Oxford County fair grounds. Charles W. Bowler of South Paris, who is right hand man about the job, was there to render assistance and open rooms in the Exhibition Hall for Chautauqua headquarters.

All will be pleased to meet Rev. E. Martin Gove again, who commenced his labors as superintendent at this stand for the vacation season. He was with us in 1921 as a theological student, and made good with the local association and general public. The superintendent is pastor of a church in Mechanicville, Pa., and with Mrs. Gove is enjoying the month of August touring Maine and meeting acquaintances. Mrs. Gove was formerly a nurse in Mt. Sinai Hospital, New York City, and visiting this state for the first time. They arrived Tuesday and were favored with automobile trips to points of interest while waiting the arrival of the outfit.

Mrs. Alice Williams of Oberlin College is play leader and superintendent of the Junior Chautauqua. Her assistants are Josephine Chase of Norway and Miss Leach of South Paris.

Walter Wright, a student at Gettysburg College, is assistant to the superintendent and J. G. Scott, a chap from Yale College is tentman, with general oversight of everything about the canvas. Waiting hands helped the crew Wednesday afternoon in erecting the stand at 8 P. M., when the Mordeglia Company officially opened the Chautauqua season. Pietro Mordeglia, the celebrated acrobatist led the troupe, and his performances are wonderful. He has appeared at Norway Opera-House in winter chautauqua and is no stranger in the vicinity. Jane Golding, a Russian violinist, singer and Christine Wismer, reader, singer and pianist, assisted in the program and were enthusiastically received.

The program for the remainder of the course is as follows:

Friday, August 4
9:00 A. M.—Junior Chautauqua.
Billings, Lecturer, "The Old Road and the New Trail"—Mrs. Nancy M. Schoonmaker.
8:00 P. M.—The Mikado—Gilbert-Sullivan Celebrated Light Opera—Boston Light Opera Company.
Saturday, August 5
9:00 A. M.—Songs and Ballads of Long Ago—Sung in costume by Louise Lancaster Co.
8:00 P. M.—Musical Prelude—Louise Lancaster Company.
8:45 P. M.—An Evening in Art—Miss Evelyn Bargett, Noted Crayon Artist and Cartoonist.
Monday, August 6
9:00 A. M.—Junior Chautauqua.
9:30 A. M.—Little Symphony Orchestra—The Mikado—Gilbert-Sullivan and Popular Classics—Conducted by Aaron Richmond—Boston Light Opera Company.
8:00 P. M.—Grand Concert—Little Symphony Orchestra.
8:45 P. M.—Lecture—"Community Ideals"—Dr. David D. Vaughan.
Tuesday, August 7
9:00 A. M.—Junior Chautauqua.
9:30 A. M.—Junior Hippodrome—Junior Citizens—"A Jolly Junior Jubilee"
8:00 P. M.—Ballet Concert—Fadettes Military Band. One of the Leading Women's Musical Organizations in the Country.
8:00 P. M.—Grand Concert—Fadettes Military Band.

Religious Services Sunday
Services will be held in the tent Sunday evening, August 6, commencing at 7 o'clock. The local association has arranged the order of exercises and secured Rev. M. A. Brownson, D. D. of Philadelphia, Pa., to deliver the sermon. Mrs. Boggett of Lewiston will assist and assisted by the Community Chautauqua talent. The services are not a part of the Chautauqua program and admission is free. An offering will be taken to defray expenses.

Mr. and Mrs. John Penley, Louis Coleman and Helen Marr took a trip to Poland Springs Sunday. Carl Dunham was chauffeur.

Mr. and Mrs. Geo. Frost passed a day with relatives at Bethel recently.

Grace Bickford returned to Bridge-water, Mass. Monday after a short vacation with her relatives here. Mae Bickford a teacher in the Frances Willard School in Boston arrived this week for a visit.

Amy Davis has returned from Freeport after visiting relatives there the past few weeks. Her sister Evelyn remained at Biddeford Verrills at Freeport for a longer visit.

Richard Bryant of Lewiston is enjoying a vacation in town.

Mr. and Mrs. Hiram Wiles entertained Sunday a party from Bethel, including Mr. and Mrs. William Lowe and grandchildren Mainard and William White of Haverhill, Mass.

Fred E. Smith, cashier of Norway National Bank has returned to the office after a short vacation.

Carlton Wentzel has returned to Rex Theatre as operator after an absence for duty with Co. at Camp Devens.

According to reports Manager Ralph Masterman has signed Canavan for the remainder of the season. This well known twirler appeared here with Sanford and opposed the Twin Towns with Oxford during the season in their soloist. Canavan will probably appear here at least once before the tournament.

Mrs. Fred Panegut starts Friday for a short vacation with relatives at Hallowsell. Mrs. Frank Starbird will accompany her to Readfield for a short visit.

Freeland Young is gaining and has walked about the streets with some assistance. He enjoys meeting the old boys gathered under the shade at John Sampson's and the trips are beneficial.

Carlton Conant of Hebron won the free dance ticket at Lakeview Casino Tuesday evening. About two hundred admissions were sold to the floor that evening.

The C. B. Cummings & Sons Co. box factory has been changed from steat to electric motor power.

Geordie Young will oppose the Twin Towns at the fair grounds Saturday afternoon at 2:30 P. M. (standard). Gardiner is a wide awake team with many winnings to their credit so a speedy contest may be expected.

Mrs. Mabel T. Hanley

Mrs. Mabel T. Hanley passed away at her home in Berlin, N. H. shortly before 12 o'clock Tuesday, July 25. Her death comes as a great shock to her family and friends. Mrs. Hanley suffered a shock on Thursday and her illness was very brief, but none were looking for so sudden a summons from her earthly labors. She died surrounded by her loved ones, who did everything possible that could be done.

Mrs. Hanley was born in Gorham, Dec. 25, 1874. She moved with her parents to Norway, when a child and graduated from the Norway high school. Later she resided with her mother in Berlin and in 1891 she was united in marriage to Thomas Hanley. A short time after the family went to Rumford, where they resided until about nine years ago when they returned to Berlin.

Mrs. Hanley was a woman whom everyone loved.

The remains were taken to Rumford by automobile and interment was in Farmington cemetery beside her mother. The usual amount of beautiful floral emblems brought a silent message of sympathy and love.

Mrs. Hanley is survived by her husband, Thomas Hanley of Berlin, N. H., a son, William Hanley of Augusta, a daughter, Mrs. Charles Dunton, and three grandchildren.

Given Surprise Party
Eighteen friends of Mr. and Mrs. W. Earl Stuart gave them a surprise party Saturday evening at the Stuart cottage, Lake Pennesseewassee. Supper was furnished by the guests and served in the wide veranda. Dancing was in order for a time and followed by auction and a victrola concert.

Hugh Pendexter presented Mr. and Mrs. Stuart a gold piece as a token of friendship from many friends in town. The party was given as a farewell to Mr. and Mrs. Stuart as leaving Norway this fall. It was also the birthday of Mrs. Stuart and she was given a birthday cake. The evening was a delightful one, despite the fact that all regret the departure of the Stuarts. Those in the party were Mr. and Mrs. Hugh Pendexter, Mr. and Mrs. Fred E. Smith, Mr. and Mrs. Stuart, W. G. and Mrs. Howard, Mr. George P. Hill, Mr. and Mrs. Howard, Mr. Luck, Mr. and Mrs. Howard Maxim, Mr. and Mrs. Ernest Hutchins, Mr. and Mrs. Edward L. Burnell, Mr. and Mrs. A. C. Barker.

Mrs. Bertha K. Boggett, lyric soprano, from Lewiston, church soloist, a former pupil of William Whitney of Boston, will render several solo selections with Miss Ruth Cummings pianist at the Chautauqua Sunday evening concert. She has been in many concert organizations throughout New England. Since Mrs. Boggett passed away Mrs. Boggett has done but little public work until recently. We are sure that she will receive a warm welcome Sunday evening.

The ladies of the Congregational church will meet at the church vestry, Wednesday afternoon, August 10th at 3 o'clock. It is expected all the ladies interested in the church will attend. There is special business to attend to.

H. H. Luce of Exeter, N. H. was in town Wednesday with his peddlers cart and a fine pair of horses, selling small wares. This trader has journeyed through here some forty years, picking up business at every farm house. The gas car has not replaced the high spring cart that has been on the job some two score years.

Mrs. Janice Carey of Taunton, Mass. is visiting Mr. and Mrs. Julius DeCroiteau and William DeCroiteau. Gene and Rita DeCroiteau who have been visiting in Lynn and Taunton returned with her.

Mrs. Bertha Savage is visiting her sister Mrs. W. H. Wood at Burlington, Vt. for a short time.

Freeman C. Smith & Son have a long job on brick and cement work at Hebron Sanitarium.

Owen Brooks is having an Artisan well drilled at his residence on Pleasant St. The well is now down 30 feet, 12 ft. in pin gravel, 18 ft. in solid ledge. A good supply of water is expected at about 50 feet. J. L. Maxim, a veteran at the business has drilled many wells in this vicinity and has never left a dry hole.

A number of linemen for the Central Maine Power Co. attended a get-together and lecture on preventing accidents at Lewiston Monday night. The party included George Perry, Edward McKay, Orville Palmer, William Palmer, Harry Spiller and Supt. A. C. Barker.

C. H. Masury and party of friends from Danvers, Mass. and New York will arrive this week for a ten days outing at Lake Umbagog. His son Albert of New York will be a member of the party. Mr. Masury is 80 years of age and has paid an annual visit to Lake Umbagog since the past forty years.

Mrs. Robert F. Bickford and son are visiting Mrs. Bickford's parents, Mr. and Mrs. Joseph P. Cole at Paris Hill.

E. R. Pike and family from Elizabeth N. J. arrived Tuesday at the McLean camp for the month of August.

Signs have been posted on both ends of Crockett's bridge warning fishermen away from closed waters. This action was taken by the Fish and Game Association for the information of summer visitors not familiar with the regulations governing that vicinity. These signs are in addition to the formal notices posted there some time ago.

The top surface of sand used when Main street was removed Wednesday by the Road Commissioner's crew.

Considerable labor has been performed on the course at the fair grounds this week to make a good surface for the special races on Thursday. Improvements on the track will continue until country fair time.

Mrs. Tena Burnell has returned to the Brown, Buck & Co. store after two weeks vacation.

C. A. Frost put up a Metal Ceiling last Friday and Saturday for Arthur Noyes in his dining room.

Hugh Pendexter, the author, and wife and son, Francis, passed a day recently at Watrop.

Evelyn Burpee, who has been spending a few weeks around Pennesseewassee Lake, left Thursday for Houlton where she will spend a few weeks with her parents and friends.

Norway Grange

Norway Grange met in regular session Saturday evening, July 22. The meeting was called to order by Worthy Master Geo. W. Richardson. The farmers are very busy at this season so the program was short. The question box proved very interesting.

A cake walk arranged by Mrs. Fannie Richardson was much enjoyed. Mrs. Jessie Buck won the cake. Refreshments were served at the close of the meeting.

Methodist Church Notes

The "USCO" You Buy To-day is a New—a Better—a Heavier "USCO" at the \$10.90 Price with No Tax added

AST Fall at the \$10.90 price it seemed to motorists as if the 30 x 3 1/2 USCO had reached the peak of tire value.

Yet the makers of USCO have now produced a still better USCO—a longer wearing tire with—

Thicker tread—thicker side walls. Better traction, longer service, more mileage.

And the tax is absorbed by the manufacturer.

SHIP SUBSIDY BILL

Editor Oxford County Advertiser, Norway, Maine.

Dear Sir: Possibly your readers may be interested to know some of the Ship Subsidy bill now pending before Congress will do and some of the things it will compel the public to do for the shipping interests if enacted.

Before the war their profits were very great and according to the Secretary of Commerce in 1921 we had about 40% more goods for them to carry than in 1913 and I make the statement that the rates they received in 1921 was from two to three times the rate of 1913 so naturally they do not want to talk of past profits.

The Shipping Board by this act are given authority to sell the Merchant Marine now owned by the public comprising about 1,400 steel cargo and passenger ships without any restriction whatever on the price. They can sell to whoever they see fit and can refuse to sell to whoever they see fit.

The direct subsidy is estimated to distribute from Fifty to One Hundred Million Dollars to the shipping interests annually and Section 702 gives the Shipping Board power to refuse to make subsidy contracts with any one it sees fit and to make them with whoever it sees fit.

On Page 22 it says, "Whenever the United States Shipping Board shall deem that the compensation described herein is insufficient to induce the operation of vessels documented under the laws of the United States, the Board may increase the compensation to such an extent as it may deem necessary, not to exceed twice the amount of compensation provided herein."

Pretty nice for their special friends isn't it? No one could fail to get rich who had their favor and none could live in the business without it.

A single ship like the Leviathan could receive as high as \$1,500,000 annually.

Section 202, provides for a fund of \$125,000,000 to be loaned to these favored gentlemen at a rate not less than 2% under the following severe restrictions. Page 4 Lines 12 to 15, "No loan shall be for a greater sum than two thirds the cost of the vessel to be constructed or of the value of the vessel when thus required."

What can be done with this clause? Buy a 10,000 ton vessel for \$20 a ton; re-equip for \$20,000, put it on a route where it will earn 15% on \$1,000,000. Then she is surely worth a Million Dollars. Borrow from your servant The Shipping Board \$666,666.66 at 2% annually and let the dance go on.

This Shipping Board under this act is to be a law unto itself. It is not responsible to Congress or the President or anyone else and there is no recourse to the Courts. Just like the Chicago convention of 1912, not responsible to any one for anything.

The limitation of profits to 10% is only a humbug put in to fool people. They are at liberty to form subsidiary companies of any kind, supply companies, insurance companies and anything else and charge up to the ships such an amount that nothing over 10% would ever be visible. Anything over 10% earned the Government is to share 50-50 and then line 21 says "but in no event shall such owner be required to pay to the Shipping Board a greater amount than the total amount of compensation which he has received from the Shipping Board under the provisions of this act for the same period."

Another ripe and juicy melon is in the provision that any person shipping on an American-flag ship shall have a sum equivalent to 5% of his total freight bills for the year deducted from his income tax.

Isn't that justice and equality of the latest congressional brand? The fellow who has the big income and is due for a big income tax can ship all of his goods 5% cheaper than any citizen that has no taxable income.

Suppose that I should ship 20,000 bbls. of apples that would make a freight bill of \$24,000, then just suppose that I had a taxable income of \$24,000.00 and I was liable for an income tax of \$1,200.00 and this bill should pass it would just exempt me from paying any income tax at all.

How would it be with The Standard Oil and the Steel trust that operate a great number of ships of their own to carry their own goods? Under this bill they would be able to charge up to their own company whatever they saw fit; let us suppose it to be \$50.00 a ton. On a 10,000 ton Cargo they would be entitled to an exemption on their income over \$25,000.00 and in addition to this they would be entitled to their generous subsidy to be paid from the U. S. Treasury while all of us common people who have no subsidy or taxable income must pay taxes for them.

It seems to me that Chairman Lasker of the Shipping Board was placed in that important position not because of his knowledge of shipping matters or his needs of the people but because of his great ability to move goods that people didn't know they wanted, by means of great advertising. His job now seems to be to serve the great shipping interests of the country by selling to them our great merchant marine at their own price and to pass off to the public this entire stock of gold bricks.

I challenge any Senator or Representative or any person supporting this measure to debate the same in any paper of this State or within New England.

Goodrich new tire prices

—lowest cost mileage ever known

The new base line tire prices established by Goodrich, effective July 20th, give motorists a definite guide to tire prices as Goodrich Tires are the definite standard of Tire quality. They know now they can buy the very best tire—the one quality Silvertown—the tire that has always held its leadership because—it wears longer, looks better, and because, mileage considered, it costs less than any other tire at any price. Dealers have been quick to point out to their customers the big advantage and economy of buying

BETHEL

Howard J. Hutchinson
Howard J. Hutchinson, son of J. S. Hutchinson of Bethel passed on to the higher home last Thursday evening after a long illness and great suffering, the result of internal cancer. He was taken to the hospital for treatment but it was found that the condition was beyond the power of the physician to ever cure; then he was taken to Mr. Fellows on Breed St., Bethel where everything was done that was possible to make him comfortable. At last realizing that he must pass on he was willing to go to the home above though in sorrow at leaving dear ones here.

Eight years ago he was united in marriage with Lula Bessie Cummings of Bethel and had many dear friends and pleasant home at the south part of the town. With a noble ambition and full of courage he entered into the battle of life with a heroism equal to that of the soldier who bravely faces his duty determined to win and was making steady progress toward the desired goal when suddenly stopped by illness which finally proved fatal.

He leaves a wife and three healthy promising children, also his father, mother, Mr. and Mrs. J. S. Hutchinson, two sisters, Dorothy and Marion Hutchinson and one brother Virian who was in the U. S. service over seas during the World War.

The funeral was Saturday at 2 p. m. at the Fellows home on Broad St. That Howard had many dear friends who feel that his going is a loss to them was evidenced by the abundance of floral offerings at the services and the large assembly at the funeral service. The burial was in the cemetery near his home at the south part of Bethel. He will be remembered by many for years as one who fought a good fight in life's great battle. Rev. J. H. Heale spoke words of comfort to family and friends.

BUILT BETTER than Cars that Cost More

A careful analysis of the construction and complete equipment of the Light Six will convince you that it has no duplicate in value in the light car class.

For instance, the machining of the crankshaft and connecting rods on all surfaces is a manufacturing practice that is found only on costlier cars.

This particular operation is mainly responsible for the fine balance of the Light-Six motor and its remarkable freedom from vibration at all speeds. It also has an important bearing on the wearing quality of the car and on its long-lived dependable service.

The exceptional values in the Light-Six are possible because practically every part that goes into the car is manufactured complete in the most modern plant in the world. Parts-makers' profits are practically eliminated. Important saving through better methods and bigger volume permit greater value to the buyer.

From the standpoint of shrewd investment you should find out why the Light-Six offers you so much more for your money in performance, service and economy.

About Battery Life Insurance

The wording of a battery life insurance policy may sound pretty good, but you can be sure it isn't a bit better than the company back of it.

The great strength of Willard Battery insurance is in the reputation of the Willard Storage Battery Company for building the right kind of product, and then backing that product by the right kind of policies, and the right sort of an organization.

Our service is the Willard Standard in every particular—and that means caring for all makes of batteries alike—and giving all owners the same prompt courteous service.

GIRL NOW WELL AND STRONG

Daughter Took Lydia E. Pinkham's Vegetable Compound as Mother Advised

Wauseon, Ohio.—"My daughter at certain periods and could not be on her feet at those times. We read about Lydia E. Pinkham's Vegetable Compound doing girls so much good so she began to take it. That is two years ago and she is a different girl since then able to do any work she wants to do—although she is still careful not to do heavy work—and so well and strong. We recommend Lydia E. Pinkham's Vegetable Compound to all mothers with ailing daughters, and I give you permission to publish this letter as a testimonial."

—Mrs. A. M. BURKHOLDER, Route No. 2, Box 1, Wauseon, Ohio.

Something out of balance will affect the finest clock, causing it to gain or lose. The proper adjustment made, all is well. So it is with women. Some trouble may upset you completely.

Lydia E. Pinkham's Vegetable Compound will correct the cause of the trouble and disagreeable symptoms will disappear as they did in the case of Mrs. Burkholder's daughter.

MOTHERS—it is worthy of your confidence.

Josiah Monroe
This community was shocked and very much saddened on Thursday last when it learned of the passing to a higher life early that morning at his home in Philadelphia, the subject of this brief incomplete sketch.

Born in Waterford, April 6th, 1849, the son of Josiah and Jane (Savin) Monroe, receiving his education in the public schools of his native town, and Bridgton and Gould Academies. His school days over he became associated with a banking institution in Boston where he remained for several years occupying a position of trust and responsibility, which he filled with credit to himself and the institution he represented. Severing his connections with the bank he accepted a position with the Jaguar Iron Co. of Philadelphia and later became interested in the direction of its affairs, having large holdings in Cuba to which place he made frequent trips. Always held in high esteem by his business associates, being a man of sterling integrity, always to be depended upon to do what he thought was right. He has been a member of the board of trustees of the Philadelphia Public Library for several years. Having a summer cottage in this town, he has been a

familiar figure here during the summer seasons. He was twice married, his first wife being Miss Fannie Blanchard of Massachusetts and to them a daughter (Marion) was born, who now resides in Philadelphia and was with her father when the end came. His second wife was Mrs. Fannie Cunningham who survives him. Besides the wife and daughter who are left to sustain the loss of a devoted husband and father, there are two sisters, Mrs. Sarah Plummer of Denver, Col. and Mrs. Louise Monroe Wood of Hyde Park, Mass., to whom his true brotherly love will be cherished as a fond recollection. The several nephews and nieces together with a host of friends are to be deprived of the presence of a genial, courteous companion.

BUCKFIELD MAN KILLED

A. C. Atkinson, of Buckfield, Maine, and Herbert Hall, of Malden, Mass., were killed when their automobile crashed through the railing of a bridge on the Quebec-Montreal highway at Deschambault, Ont. The machine swerved suddenly while crossing the bridge at a high rate of speed, plunging through the railing and fell twenty feet to the river bed, where the two men were buried in the wreckage.

EAST WATERFORD

George Powers and bride from Bryant Pond called at G. M. Stevens', Sunday.

Read commissioner Hilton has begun work on the State road again after a vacation for having.

Raymond Gammon has returned from Lewiston, where he has been for treatment.

Elmer Haggatt and wife and Tracy Pierce and family of South Paris were in town Monday night and called on their mother and other relatives.

Henry Dean has been home doing his haying. He had two beautiful hay days and has returned to his work at the sled factory.

Mrs. Isabelle Whitcomb and son of Waterford, Harold and her Uncle Albert and wife of Lowell, Mass., called to see Warren Kneeland and other friends, recently.

WATERFORD

The Gage family came to their home on the hill August 1st.

Mr. and Mrs. Miller were in town Tuesday demonstrating the "Everwear" aluminum ware.

Do Not Neglect Your Blood

If it is in abnormal condition, the longer you delay taking a good blood medicine like Hood's Sarsaparilla, the longer it will take and the more difficult it will be for you to get back to "normalcy."

Not only boils, pimples, eruptions, but headaches, nervous spells, "all gone" feelings, indigestion and loss of appetite are readily traced to impure blood. Thousands date getting on the right road to health from the day they began taking Hood's Sarsaparilla. Why not try it?

SWEDEN

Not very good hay weather over this way. Blueberries are quite plentiful in this vicinity.

Enfield and Wendell Plummer have bought the grass on the George Thompson place and are cutting it. Lesmore Durgin and Will Buswell are helping them.

Mrs. Seth Harriman went to the Maine Gen. Hospital in Portland a short time ago.

Mrs. Martha Chandler is stopping in town for a few weeks.

Leslie Chandler has a gasoline tank put in at his garage in Sweden one day last week.

Bennett Strout, the essence piddler and wife of Bridgton were through this town the first of the week and made a trip through Lovell.

Mrs. Herbert Hatch and children of Woodfords are visiting her mother, Mrs. Will Flint of this town.

Preston Flint is doing Norman Brackett's haying. Hay is extra nice in this vicinity and a lot of it this year.

Mrs. Will Buswell and Lizzie Merrill are spending a week with her daughter Gladys Buswell at Lakeport, N. H.

NORWAY AND VICINITY

Receives Appointment
William W. Gallagher, who has for the past three years been actively engaged in the practice of law in Norway and who was a candidate at the last primary election for the Republican nomination for County Attorney of Oxford County winning second place, in a four cornered contest, has been offered and accepted an appointment as an Assistant United States District Attorney for the District of Maine. Mr. Gallagher will have an office in Auburn at the headquarters of the Prohibition Director and his duties will be very largely the trial of cases involving violations of the Federal Prohibitory Law. These cases are tried in the Federal Court at Portland and at Bangor.

Mr. Gallagher, although a young man for the office, is well qualified for the place both by training and experience. He has had courses at Kent's Hill Seminary, a teacher's training school in Kentucky, the University of Maine, and Yale University. His courses at the first two institutions were completed in one-half the usual time. He has taught in the high schools of Niagara Falls, N. Y., and at Springfield, Mass. In 1917, he was admitted to the bar and has since that time practiced law except for the time spent in Military Service and a short time in the Internal Revenue Service of the United States Government.

American Legion Entertainments
Henry Stone Post American Legion closed the contract several weeks ago with the White Entertainment Bureau for a course of four entertainments at Norway Opera House as follows:
Oct. 31—Plymouth Male Quartet.
Nov. 1—Scott Highlanders.
Nov. 13—Dunbar Brothers musicians.
Feb. 27—Robert Burien, lecturer.

A good number of subscriptions for course tickets were received at the concluding entertainments last winter and a drive will start to fill the Opera House. Dr. A. Leon Sikkenga is leading the advance.

Trip To Songo Pond
Sunday morning, Mr. and Mrs. Ernest Olfe, came up from Lewiston and invited his sister Mrs. Wil Gary and Mr. Gary and Charles A. Frost to a trip to call on J. C. and Mrs. Rich at Songo Pond in Norway.

The ladies took along a nice lunch with hot coffee and Mr. Frost carried some Red Feather Ginger Ale.

Mr. and Mrs. Rich were at their log cottage across the pond when we arrived so we went down on the shore in the little row boat and ate our lunch, soon after Mr. and Mrs. Rich arrived and there was something doing. Most Maine people are for entertaining.

Late in the afternoon we must go across the Songo and see the log cottage which has running spring water. Mr. Rich has recently bought the Carl Upton farm. Before we came away we must have some tea and cake which were very nice and then what, must we have some cold ginger ale before starting for home.

Mr. Frost was invited to look in at the work shop where there was nearly as much hardware as some dealers carry. Carpenters and now making improvements on the buildings.

We went by way of South Paris, Bryant's Pond, Locke's Mills and Bethel and came by North Waterford, there is a nice road from Albany Town House to North Waterford and Mr. Olfe saw that this was the place to make time so he tightened his grip on the wheel and was but a few minutes getting to North Waterford. It was a pleasant trip, Mrs. Olfe drove the car from Norway to Songo. She is an experienced and careful driver.

Silo Building Demonstrations
Four silo building demonstrations are to be given in the county beginning Tuesday, August 8, by County Agent Lovejoy and E. P. Talbot, State Extension Expert in Dairying. These will be held as follows: Tuesday, August 8, the farm of C. F. Spring, Brownfield; Wednesday, August 9th, at Bartlett, Hartford; Thursday, August 10, at E. A. Hubbard's, Rumford; Friday, August 11, at R. E. Taylor's, Fryeburg. Every one interested is cordially invited to attend any of the demonstrations.

A party of girls from Camp Arcadia Casco went through the lower part of the village Monday forenoon, on a camping trip. The majority traveled on horseback and a Ford truck carried the remainder together with their camp outfit and commissary supplies.

Hon. B. G. McIntire has been campaigning with the William R. Pattangall party in Sagadahoc and Piscataquis counties.

Mrs. Hortense Gates is substitute compositor at the Oxford Democrat office. South Paris while Elsie A. Favor is on a vacation.

Rev. A. T. McWhorter of Augusta preached at Norway Center Sunday.

Alfred Ramsdell and party with Francis Ames chaffeur will motor this week to Quebec and visit the shrine at St. Anne Beaupre. While enroute on the N. Y. N. H. & H. railroad Mr. Ramsdell was severely injured in a wreck and spent nineteen months in a hospital. Leaving there some ten years ago with his legs paralyzed he settled near friends in Oxford and established himself as a cobbler. He expects to visit the shrine for treatment. The party will probably travel over the Newport, Vt. route and return early next week.

Co. C. arrived from Camp Devens Sunday afternoon on a special train over the Grand Trunk from Portland.

Ward & Hovey's team expect to play at Oxford Saturday afternoon and have negotiations with Bethel for a game there the following Saturday.

Alfred Ramsdell, Katherine Ramsdell, George Libby of Roxbury and Francis Ames motored to Old Orchard and Biddford Pool Sunday, where they spent the day.

BOY SCOUTS IN CAMP

Oxford County Council of Boy Scouts have an ideal location at Lockes Mills and the members assembled there the past ten days are living a real life under canvas.

The camp is located on the former Capt. Jones farm, a one hundred and twenty acre tract owned by L. C. Bates of West Paris and set apart by him for scouting. Situated on the road leading past Dudley Cottage and a few rods from the main highway to the White Mountain, is a perfect spot for scouts and visitors. Headquarters are in a comfortable farmhouse where all executive business is transacted by directors of the several departments into which this camp organization is divided. The boys dining room is there and a kitchen with two experienced male cooks to prepare chow in quantity to satisfy a bunch of hungry youngsters exercising in the open.

Sleeping and recreation quarters are in an open field on a height of land only a short distance from the main building. The soil is light and dry, affording perfect drainage on the eastern slope toward the lake. Fourteen tents are pitched in a long row facing the rising sun, with a dense pine and hardwood growth in the rear for protection against high westerly winds which might level the canvas town. The tents are set in front of the tents is built the roaring council fire where the boys and their leaders gather at twilight for story telling and instruction in scouting.

Army cots donated by P. E. McCarthy of Rumford are used with more on the road and delivered to the camp since the middle of July. Scouts bring blankets, clothing and dishes but no necessary trinkets for each tent is inspected daily and merits granted for orderliness.

Games and athletic sports are carried out at a fixed hour on the field a few steps below the camp ground. Swimming, boating and fishing have their place on the daily program under the supervision of Director Carleton Andrews of Lewiston. Dudley Lake, Votherville, North Pond, in the valley a quarter of a mile away is the beautiful sheet of water where their sports are enjoyed. A plunge after the setting sun, before breakfast starts the day right, with an hours swimming period in mid-afternoon. Older boys qualified as "regular fishes" assist the director in watching the less experienced.

Camp sanitation is directed by Leslie Ferguson of Rumford, second year "medic" at Bowdoin. He assists Camp Director Harold C. Perham and second in command. Medical inspection twice each week is conducted by Dr. I. W. Wright of Bethel and Dr. Rodney P. Willard of Bryans Pond. The first symptom of illness is immediately investigated and proper treatment furnished. A large stock of first aid material is kept at headquarters and the boys instructed in its use.

Camp life is not all play, for the boys are under semi-military regulations from dawn to give the fellows a "corning" good time and a square deal for all. Policing the grounds and kitchen police are duties that have been made attractive by awarding points of merit for their performance. Pretty difficult work to find a boy volunteering to peel potatoes, shell beans and peas or fill the wood box at home. In camp the scouts storm the kitchen for the job and Charles Leonard of Andover, Commissioner Director is often puzzled finding places for enthusiastic applicants. Deliberate violation of camp regulations brings reprimand not altogether agreeable, but no physical hardships are imposed to promote the necessary discipline.

The camp register is filling rapidly with names of visitors and a surprisingly large number have looked the place over. Many have sons there and others wish to see the camp or more weeks later visit to try out the land as it were. Camp opened officially July 24th with eight scout towns represented. The number has been advanced to fourteen towns the past week with some forty boys there. New members arrive every Sunday or Monday, greatly offsetting those departing after a limited stay. Director Perham is facing a tent famine. Many boys registered for the first or second week are begging to remain longer. Every effort is being made to arrange accommodations without depriving later campers any privileges honestly earned. A square deal to all is the camp ruling. Boys with red blood are having the time of their lives.

An attendance at divine service is a rule and last Sunday forenoon the Protestant boys hiked in a body to Lockes Mills a mile or so distant to the Methodist chapel. The Catholics were conveyed to St. Catherine church between South Paris and Norway.

A regular field day is scheduled for Thursday, Aug. 17th. Every scout who registered during the four weeks and the public are invited to attend. Competitive games and sports will be given and open to the camp boys, for honest competition. A big day is planned. Plenty of parking space. Visitors will bring picnic lunches and enjoy the groves. It is expected that Oxford County Council will attend and award honor prizes.

The camp officials or boys direct their mail to Bryans Pond; R. F. D. care Oxford County Boy Scout Camp. This route hits the place directly.

How The Master Driver Became Master Tire Builder

IN 1903, driving the "999" racing car, Barney Oldfield started his career of victories that later earned him the title of "Master Driver of The World." To overcome the tire weaknesses that made racing difficult and dangerous, he studied tires—specified materials—supervised construction.

Today, Barney Oldfield is known as the "Master Tire Builder." Starting with the crude tires which carried the "999" one mile in sixty seconds, Oldfield gradually developed his famous Cords—a set of which covered 500 miles at eighty-eight miles an hour without a change.

In three years Oldfield tires have won every important race on American speedways. They are the only

American tires that have ever taken first place in the French Grand Prix. They have won for three consecutive years in the 500-mile Indianapolis Sweepstakes. So far in 1922, Oldfields have lowered four World's Records and seven track records.

The Wichita Test Run gave evidence of Oldfield superiority in touring—when a set of four Cords covered 34,525 miles over rutted, frozen, winter roads—a performance attested by the Mayor of Wichita.

See your dealer and get a set of these rugged tires that Barney Oldfield has developed and perfected through a lifetime of practical tire experience. Their performance will convince you that they are "The Most Trustworthy Tires Built."
